## TOPEKA CHAMBER PAC SUPPORTS DUNCAN FOR RE-ELECTION

*For Release: June 2023*

The Topeka Chamber PAC, representing the business community of Topeka, has endorsed Councilman Spencer Duncan for re-election.

Spencer is a long-time small business owner. He currently owns Capitol Connection, an association management and investigative firm, which has represented businesses and non-profits in Kansas for nearly two decades. Spencer is also the former owner of World Wine & Beer, a retail liquor store, and the Kansas Wine and Beer Garden, a venue at the Kansas State Fair. Spencer's wife, a financial planner, is also a partner and owner of Clayton Wealth Partners in downtown Topeka.

*"My commitment to our business community is unwavering. They are essential to our growth and development as a community," Duncan said. "The stronger our business community, the better quality of life we offer our citizens through living wages, new opportunities and supporting their own families. I will always work with our businesses to make Topeka a place companies of all sizes want to call home."*

Spencer is a member of the Topeka Small Business Council, serves on the Topeka Zoo Board, and is a member of the Shawnee County Childcare Task Force. He has served as a voting member of the Joint Economic Development Organization and been chair of the Transient Guest Tax Committee, assisting the Topeka tourism industry, for 3 years.
