

CITY COUNCIL INITIATIVE:

#goBIGtopeka

DUNCAN
City Council '19
A NEW VOICE FOR TOPEKA

#goBIGtopeka

No Matter How Small the Endeavor, Topeka's Elected Officials Must Go Big

Topeka is not a second class city and must not accept suggestions otherwise. We are the Capital City of a great state with a storied history and a wealth of opportunity. Topekans are wonderful people who care deeply about their community and work hard to ensure our City has opportunities for themselves, their families and others.

City Hall must support the efforts of its citizens and remind everyone — outside and within — that Topeka has unlimited potential and tremendous opportunities.

Topeka's City Government must #goBIGtopeka as we:

- # Take care of all Citizens
- # Improve roads and infrastructure
 - # Retain & Create Jobs
 - # Provide safe, healthy housing
 - # Protect the rights of All citizens
 - # Strengthen Public Safety
- # Remove blight & abandoned properties
 - # Fight criminal activity
 - # Support schools and educators
 - # Help citizens access health care
 - # Better wages
- # Create new Quality of Life opportunities
 - # Support Local Businesses

In everything we do, we must #goBIGtopeka with the knowledge that the only limits we have in our city are those what we place upon ourselves.
